Research Scholar Award: LOIs Due Tomorrow by 5:00 p.m. EDT

Urology Care Foundation Research Scholar Awards provide $40,000 per year for one- or two-year mentored research training for clinical and postdoctoral fellows or early-career faculty. Sponsoring institutions provide additional financial support, an outstanding research environment and access to excellent mentorship. Two new awards are available for 2021 that focus on diversity and the inclusion of women and underrepresented minorities in urologic research. A total of **13 awards** are available for the 2021 competition. **A letter of intent is required and due by October 8, 2020**.

Apply Now

NIH Medical Research Scholars Program

The National Institutes of Health (NIH) **Medical Research Scholars Program (MRSP)** is a year-long research immersion program for future clinician-scientists that advances health by inspiring careers in biomedical research. The program engages students in basic, clinical, or translational research investigations, offers a curriculum rich in didactics and professional development, and features a robust mentorship and advising program. The program is designed for students who are currently enrolled in their 2nd, 3rd, or 4th year at an accredited medical, dental, or veterinary program. **The application deadline is January 8, 2021**.

Urologists Advocating to Advance Clinical Research Webinar

Join the AUA's incoming Research Council Chair Dr. Steven Kaplan to learn about the AUA's research advocacy initiatives, which are designed to protect and secure federal funding for urologic research. Panelists will address grassroots advocacy strategies and outreach efforts to lawmakers at the local and national level. **The webinar will be held on October 27, 2020 at 6:00 p.m. EDT**.

Register Now

Pediatric KIDney Stone (PKIDS) Research Symposium

The **PKIDS Care Improvement Network**, which is conducting a large PCORI-funded comparative effectiveness study of ureteroscopy, shockwave lithotripsy and percutaneous nephrolithotomy, will be having a virtual engagement symposium on **November 11, 2020 from 12-4 p.m. EST**. The symposium is an opportunity to learn about the experience of children and adolescents with kidney stones, the work PKIDS is doing to improve patient outcomes, and the importance of partner-based research in generating knowledge that improve outcomes that matter the most to patients. **Registration is free!**
