

Practicing Urologists in the United States in 2021 by AUA Section

Average Age by AUA Section

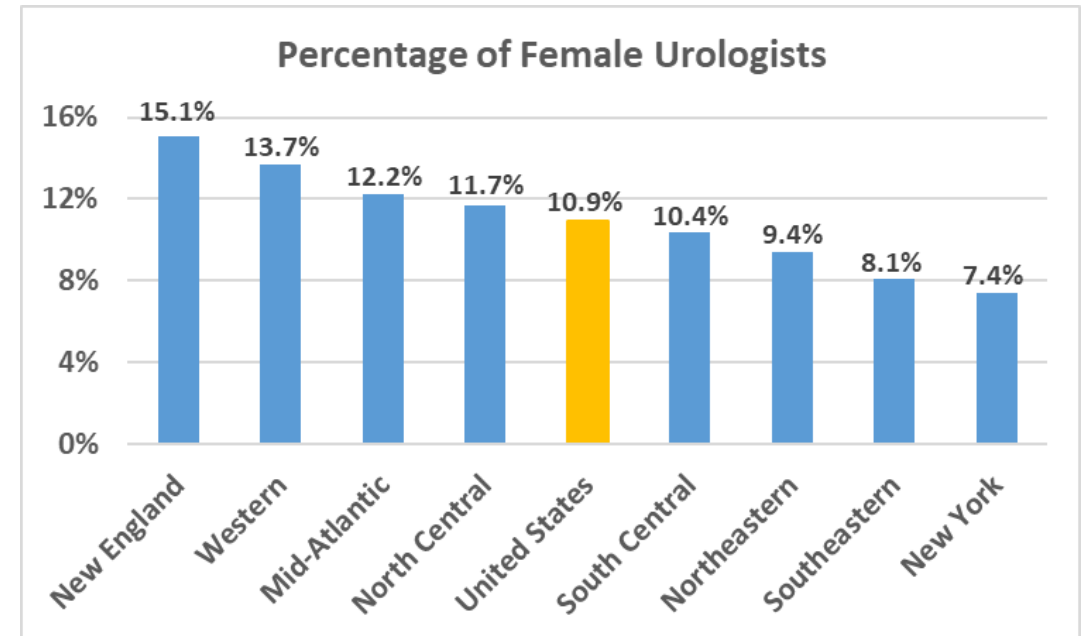

AUA Section	Total Number of Practicing Urologists	Average Age	Standard Error of Age
Mid-Atlantic	1,416	55.9	0.6
New England	764	53.6	0.8
New York	1,060	57.5	1.3
North Central	2,483	53.4	0.5
Northeastern	524	56.9	1.3
South Central	1,998	53.5	0.5
Southeastern	2,887	55.5	0.4
Western	2,658	54.7	0.4
United States	13,790	54.8	0.2

(Data source: 2021 American Urological Association Annual Census)

Female Urologists by AUA Section

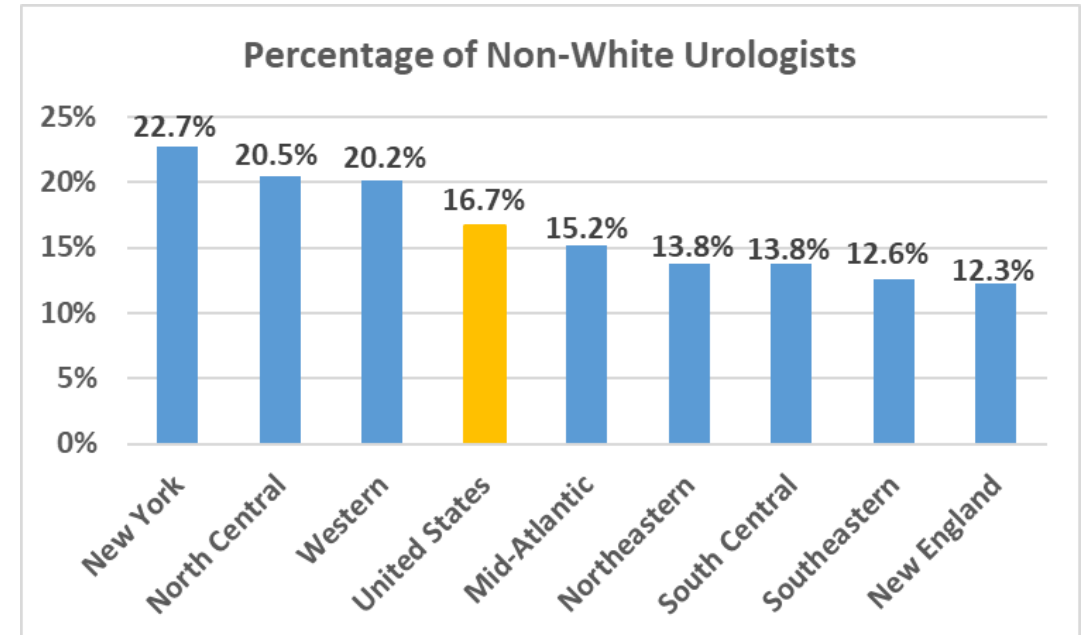

AUA Section	Total Number of Practicing Urologists	Female Urologists	
		Number	Percent (%)
Mid-Atlantic	1,416	173	12.2
New England	764	115	15.1
New York	1,060	78	7.4
North Central	2,483	291	11.7
Northeastern	524	49	9.4
South Central	1,998	207	10.4
Southeastern	2,887	233	8.1
Western	2,658	363	13.7
United States	13,790	1,509	10.9

(Data source: 2021 American Urological Association Annual Census)

Non-White Urologists by AUA Section

AUA Section	Total Number of Practicing Urologists	Non-White Urologists	
		Number	Percent (%)
Mid-Atlantic	1,393	212	15.2
New England	736	90	12.3
New York	1,016	231	22.7
North Central	2,325	476	20.5
Northeastern	487	67	13.8
South Central	1,911	264	13.8
Southeastern	2,788	352	12.6
Western	2,541	514	20.2
United States	13,197	2,207	16.7

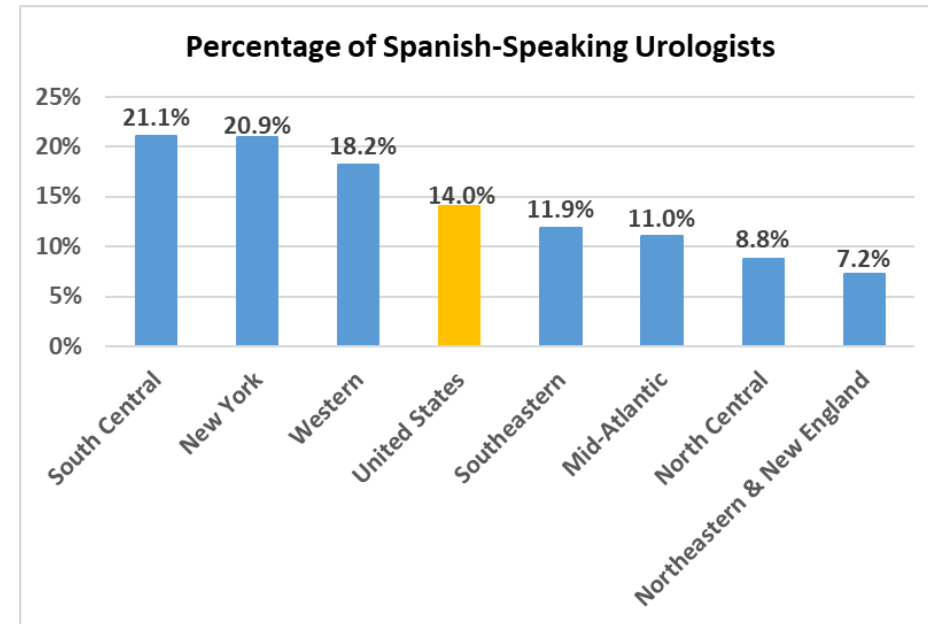

(Data source: 2021 American Urological Association Annual Census)

Non-white means single race of non-white urologists; Respondents who did not report their race were excluded.

Spanish-Speaking Urologists by AUA Section

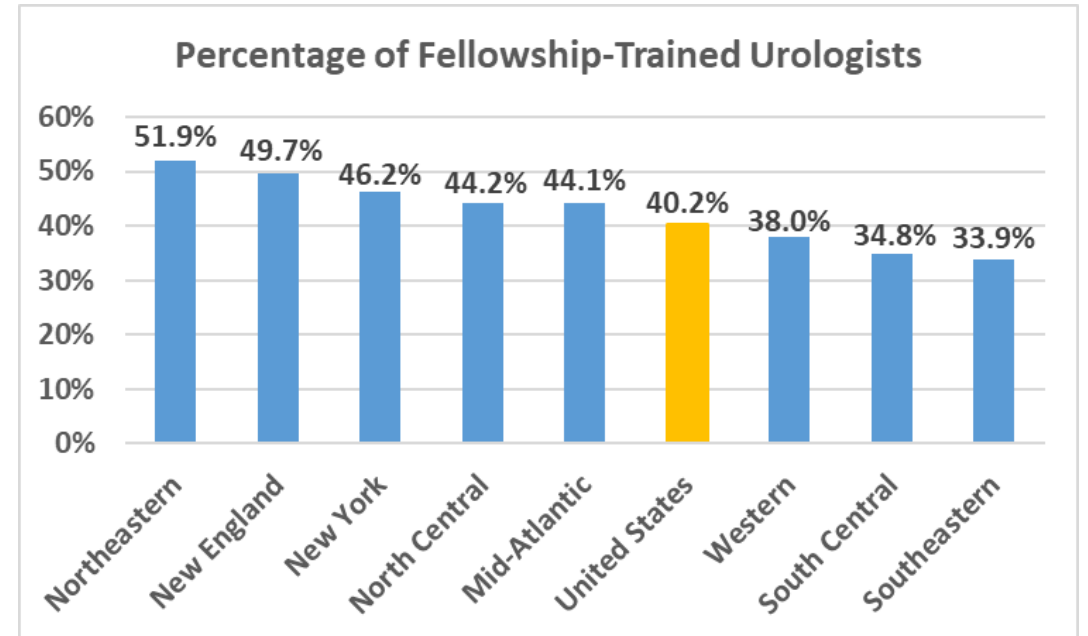

AUA Section	Total Number of Practicing Urologists	Spanish Speakers	
		Number	Percent (%)
Mid-Atlantic	1,416	156	11.0
New York	1,060	221	20.9
Northeastern & New England	1,060	93	7.2
North Central	2,483	219	8.8
South Central	1,998	422	21.1
Southeastern	2,887	343	11.9
Western	2,658	43	18.2
United States	13,790	1,937	14.0

(Data source: 2021 American Urological Association Annual Census)

Fellowship-Trained Urologists by AUA Section

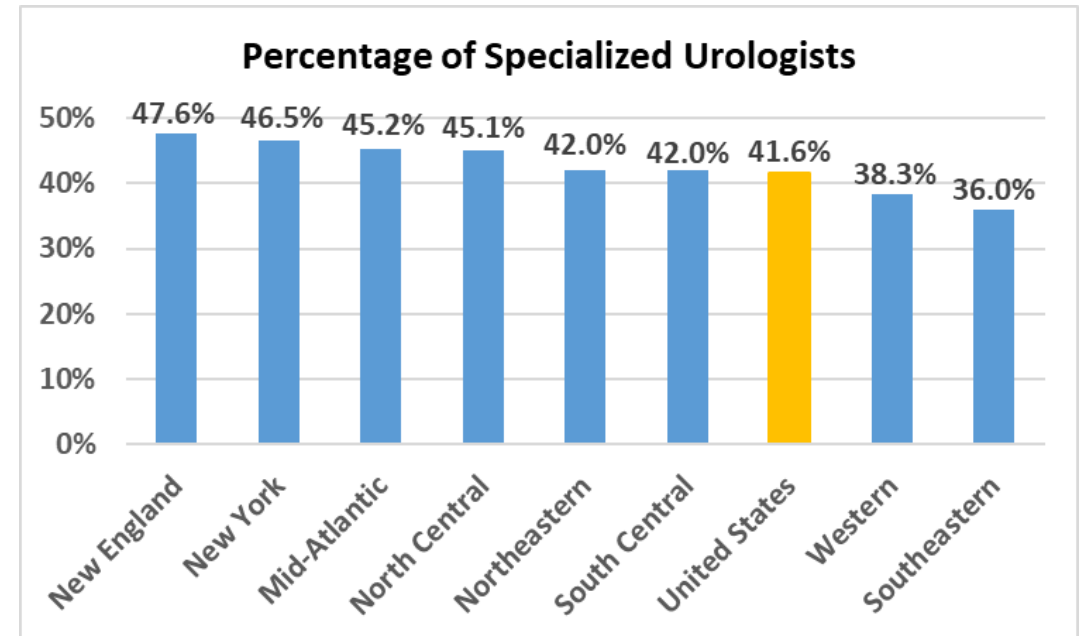

AUA Section	Total Number of Practicing Urologists	Fellowship Trained	
		Number	Percent (%)
Mid-Atlantic	1,416	625	44.1
New England	764	380	49.7
New York	1,060	490	46.2
North Central	2,483	1,097	44.2
Northeastern	524	272	51.9
South Central	1,998	696	34.8
Southeastern	2,887	978	33.9
Western	2,658	1,009	38.0
United States	13,790	5,547	40.2

(Data source: 2021 American Urological Association Annual Census)

Urologists with A Specialty by AUA Section

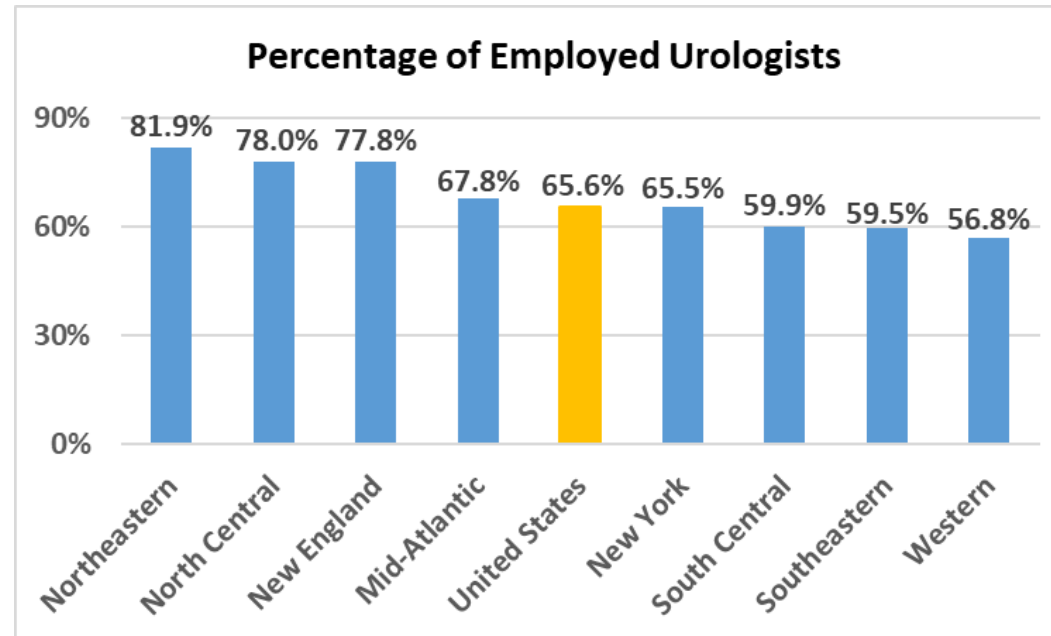

AUA Section	Total Number of Practicing Urologists	Specialized Urologists	
		Number	Percent (%)
Mid-Atlantic	1,416	641	45.2
New England	764	364	47.6
New York	1,060	493	46.5
North Central	2,483	1,120	45.1
Northeastern	524	220	42.0
South Central	1,998	838	42.0
Southeastern	2,887	1,039	36.0
Western	2,658	1,018	38.3
United States	13,790	5,734	41.6

(Data source: 2021 American Urological Association Annual Census)

Employed Urologists by AUA Section

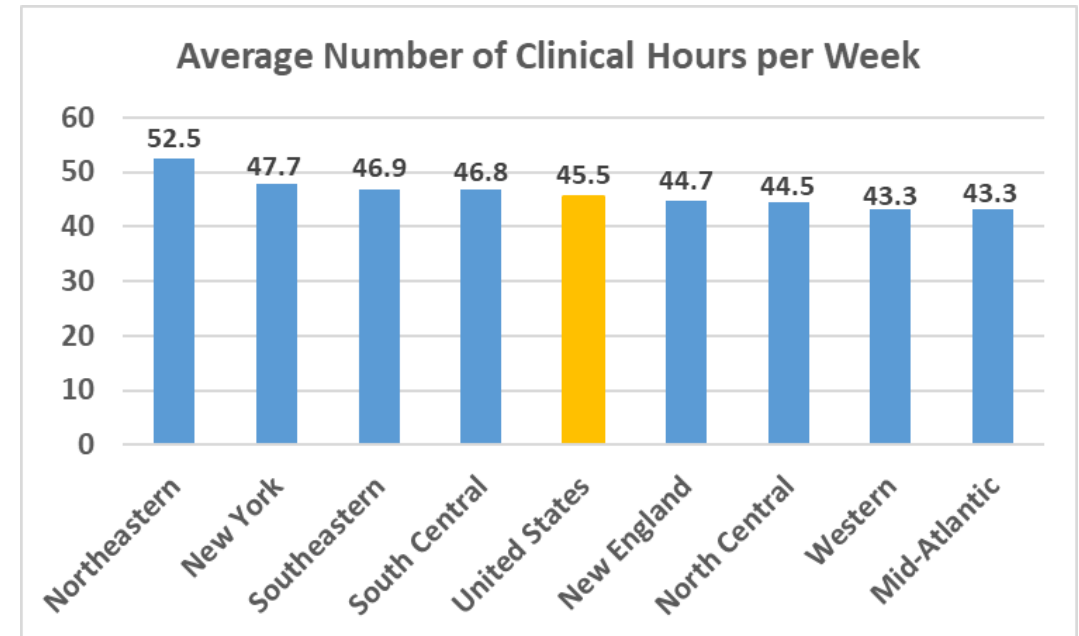

AUA Section	Total Number of Practicing Urologists	Employed Urologists	
		Number	Percent (%)
Mid-Atlantic	1,416	961	67.8
New England	764	594	77.8
New York	1,060	695	65.5
North Central	2,483	1,938	78.0
Northeastern	524	429	81.9
South Central	1,998	1,198	59.9
Southeastern	2,887	1,719	59.5
Western	2,658	1,509	56.8
United States	13,790	9,042	65.6

(Data source: 2021 American Urological Association Annual Census)

Clinical Hours per Week by AUA Section

AUA Section	Total Number of Practicing Urologists	Clinical Hours/Week	
		Mean	95% CI
Mid-Atlantic	1,370	43.3	40.5-46.0
New England	739	44.7	41.0-48.4
New York	1,048	47.7	44.2-51.1
North Central	2,465	44.5	42.4-46.6
Northeastern	524	52.5	47.5-57.6
South Central	1,958	46.8	44.7-48.9
Southeastern	2,801	46.9	44.9-49.0
Western	2,617	43.3	41.1-45.4
United States	13,522	45.5	44.6-46.4

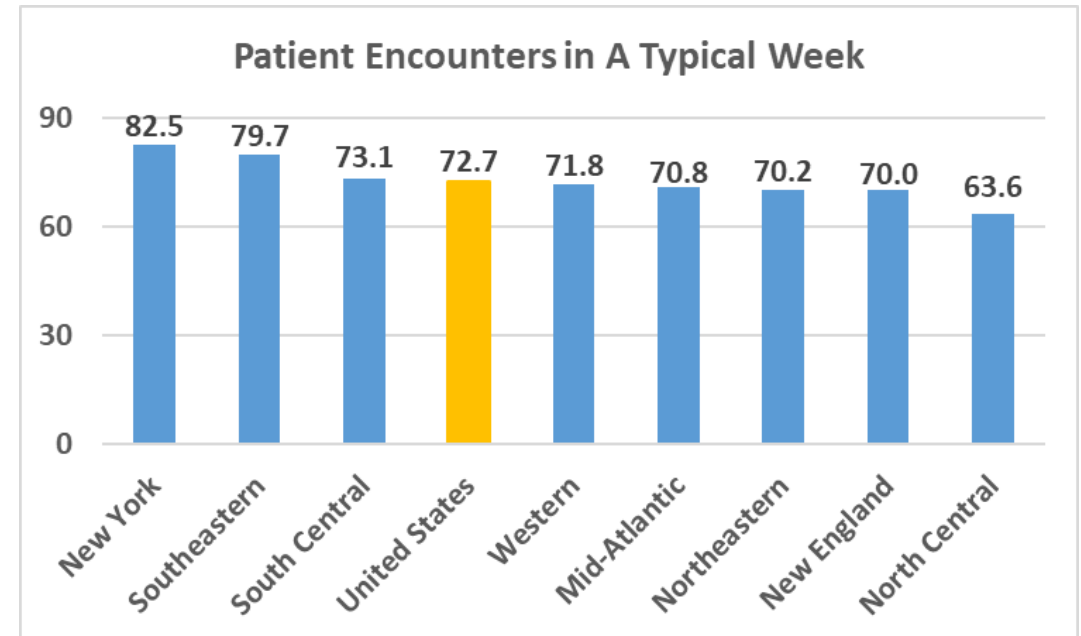

(Data source: 2021 American Urological Association Annual Census)

95%CI=95 percent confidence interval; To avoid outliers, urologists falling into the lowest 1 percent and the highest 1 percent were excluded.

Patient Encounters per Week by AUA Section

AUA Section	Total Number of Practicing Urologists	Patient Encounters/Week	
		Mean	95% CI
Mid-Atlantic	1,381	69.6	64.2-75.0
New England	751	70.0	63.9-76.2
New York	1,017	78.9	71.1-86.6
North Central	2,472	63.1	59.5-66.6
Northeastern	524	70.2	59.1-81.3
South Central	1,955	71.4	66.6-76.3
Southeastern	2,822	77.7	73.7-81.8
Western	2,641	71.9	67.5-76.3
United States	13,564	71.6	69.7-73.4

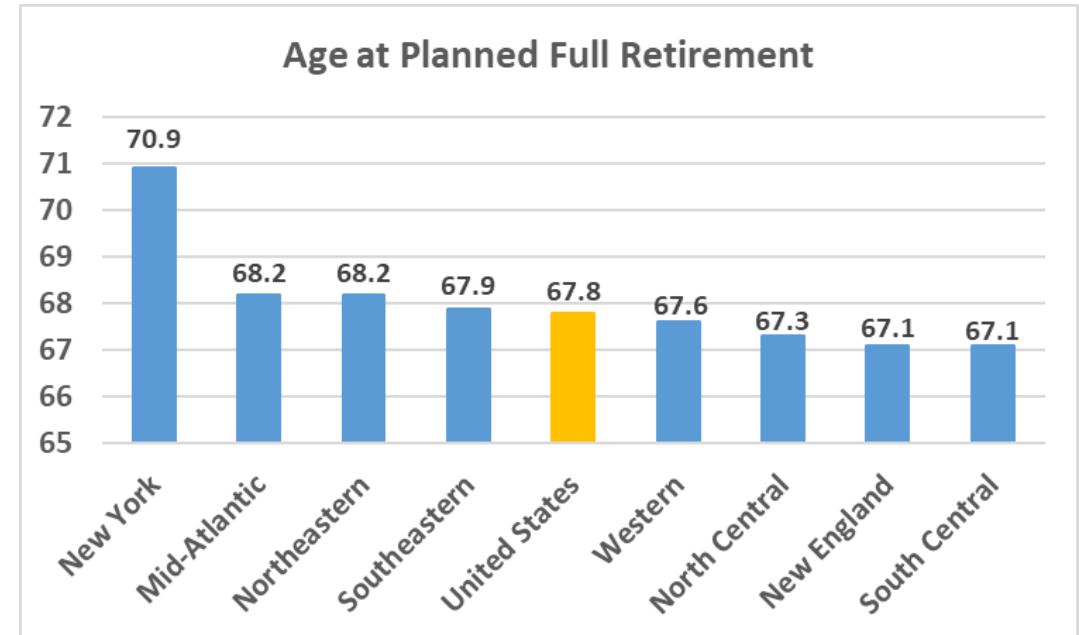

(Data source: 2021 American Urological Association Annual Census)

95%CI=95 percent confidence interval; To avoid outliers, urologists falling into the lowest 1 percent and the highest 1 percent were excluded.

Age at Planned Full Retirement by AUA Section

AUA Section	Total Number of Practicing Urologists	Planned Retirement Age	
		Mean	95% CI
Mid-Atlantic	1,416	68.2	67.2-69.2
New England	764	67.1	66.0-68.2
New York	1,060	70.9	69.4-72.3
North Central	2,483	67.3	66.6-68.1
Northeastern	524	68.2	66.6-69.7
South Central	1,998	67.1	66.3-68.0
Southeastern	2,887	67.9	67.3-68.5
Western	2,658	67.6	66.9-68.3
United States	13,790	67.8	67.5-68.2

(Data source: 2021 American Urological Association Annual Census)

95%CI=95 percent confidence interval; To avoid any unreasonable reported retirement age, planned age for full retirement that is greater than 90 is set to 90.
