Urologic Video Education Committee

An Education Council Subcommittee

AUA Staff Liaison Jody Donaldson

Chair Jay Raman, MD

Terms of Office Members 4-year term (non-renewable)
Chair & 2-year terms

Committee Makeup

The committee shall consist of ten (10) Active or Senior Members who shall serve terms of four years. The President shall appoint a Chair-elect one year prior to the end of the current Chair's final term.

Mission Statement

The Committee is responsible for the audio-visual educational materials shown at the Annual Meeting; development, production, evaluation and dissemination of new urologic audio-visual educational material across multiple platforms; and maintenance and organization of the Association's audio-visual library.

Reporting

The committee shall report all its activities and submit recommendations to the Education Council at least annually.

Committee Meetings

In-person meeting at the AUA Headquarters; Ad Hoc Email and telephone correspondence through the year.

Time Commitment

Chair and Vice-Chair: 30-35+ hours per year

Member: 12-20+ hours per year

Qualifications/ Responsibilities

Chair: The majority of the work of the Committee Chair is facilitating the review process and assignment of video abstracts for video sessions at the Annual Meeting. This position plays a major role in what abstracts are presented at the Annual Meeting and intergrated into the Core Curriculum. The Chair is responsible for the videos selected to be in the Surgical Video Library which is used as an intergral educational tool. The Chair will provide leadership for new urologic video projects and has overall responsibility for the work of the committee includingthe makeup and marketing strategy for video sales.

The Chair shall be a member of the Education Council and will be responsible for the production of new urologic videos and the Film Library as well as the videotape program of the Annual Meeting.

Qualifications/ Responsibilities

Members: Committee members have up to 40 videos to review for the Annual Meeting. They select the video abstracts to be presented in their session and then moderate that session in conjunction with selected experts in the field at the Annual Meeting.

Recent Accomplishments for 2015-2016

The committee reviewed over 321 videos abstract submissions for the AUA2015. 14 videos in each of the categories below were selected. The chart below indicates the number of submissions in each category.

Category	Accepted for Review
Adrenal/Single Port Surgery/LESS/NOTES	23
Bladder Oncology/Testis/Transplantation/Trauma	36
Female Voiding Dysfunction	20
Male Voiding/Sexual Dysfunction/BPH/ Incontinence/Infection/Infertility	32
Pediatrics	21
Reconstruction	55
Renal Oncology	20
Robotics – Benign Disease	35
Robotics – Prostate/Novel Imaging	23
Robotics - Renal	35
Urolithiasis	21
Total	**321**

Eight sub-specialty Societies provided recommendations from their memberships who may assist the UVEC in reviewing video abstracts. Twenty four members from these societies are currently assisting the video abstract review process. Each video submission is being reviewed by one UVEC member and two members from sub-specialty Societies.
