Definitions

** Industry Promotional Social Function: A social event is considered promotional if it includes presentations of any type, product demonstrations, and/or any visible advertising at the event. These include, but are not limited to, events such as receptions and dinners held at nearby restaurants, special event venues, or AUA official or unofficial hotels.*

*** Official Annual Meeting Industry Program: Includes Product Theaters, Device Tech Talks, Bioskills Labs, Skills Workshops, sponsored Clinical Trials activities and any other non-CME industry sponsored programming (except Industry promotional social functions).*

Guidance for Social Media Campaigns: Meeting attendees active on social media on behalf of a commercial organization are subject to adherence of AUA Speaker Guidelines. Participants active in social media campaigns that are not part of an official AUA activity must follow the guidance noted in column 1, Participants active in social media campaigns that are part of an official AUA activity must follow the guidance noted in column 4.
