NEW THIS WEEK

Physician Scientist Residency Training Award Competition - LOIs Due Friday!

Medical students in their senior year and recent medical school graduates with a passion for urology and research are invited to apply to the new Physician Scientist Residency Training Award. Sponsored by the AUA's [Urology Care Foundation](#) and [Dornier MedTech](#), this program supports three years of intensive research training embedded within urology residency. The successful candidate will begin residency in July 2019. **The letter of intent (required) deadline has been extended to 5:00 p.m. Eastern time on August 31, 2018.**

FUNDING OPPORTUNITIES

DoD Kidney Cancer Research Program – Pre-Applications Due Next Week

[Department of Defense \(DoD\) Kidney Cancer Research Program Awards](#) support both new and established investigators in kidney cancer research. Pre-applications for four different awards are due on September 5, 2018. Interested in applying? View an [informational webinar](#) for kidney cancer researchers hosted by the AUA and DoD

Funding Opportunity for Additional Clinical Recruiting Centers to the Urinary Stone Disease Research Network (USDRN)

The Scientific Data Research Center (SDRC) for the [Urinary Stone Disease Research Network \(USDRN\)](#) invites applications to participate as additional Clinical Recruiting Centers in USDRN Studies. Successful applicants will agree to accept the already developed USDRN protocols and work collaboratively with the Network's Steering Committee to achieve the overall aims and objectives of ongoing studies. Awards will be issued as sub-contracts from the USDRN SDRC located at Duke University. **The application deadline is September 15, 2018.**

SUFU Foundation Research Grants in Chemodenervation and Neuromodulation

The [SUFU Foundation](#) is accepting research grant applications for studies in chemodenervation or neuromodulation from residents, fellows and junior faculty. The study may be basic science or clinical in nature, and the principal investigator, co-investigator or mentor must be a SUFU member. The project duration is up to two years and should be focused on neurology and lower urinary tract dysfunction. **The application deadline is September 28, 2018.**

2019 Scholars in Sexuality Research Grants Program

The [Sexual Medicine Society of North America \(SMSNA\)](#) Scholars in Sexuality Research Grants Program offers young investigators who are interested in sexuality research the opportunity to obtain support for qualifying research in sexuality. Funding is available for graduate or medical students, residents in graduate medical education training programs, and post-doctoral/post-residency fellows. **The application deadline is September 30, 2018.**

[Apply Now](#)

Genome Sequencing Center for the Gabriella Miller Kids First Pediatric Research Program

The goal of this award is to establish one or two centers that can rapidly generate high-quality whole genome sequence and variant data from a large number of human specimens representing two types of pediatric conditions - childhood cancers and **structural birth defects**. All sequence data generated will be re-processed and harmonized by the [Gabriella Miller Kids First](#) Pediatric Data Resource Center (Kids First DRC). **The application deadline is October 21, 2018.**

Grants for Early Medical/Surgical Specialists' Transition to Aging Research (GEMSSTAR)

The goal of the [GEMSSTAR program](#) is to provide support for early-career physician scientists trained in medical or surgical specialties or early-career dentist scientists to launch careers as future leaders in aging- or geriatric-focused research. GEMSSTAR grants provide support to conduct transdisciplinary aging research that will yield pilot data and experience for subsequent aging research projects. **The application deadline is October 23, 2018.**
