### NIH Loan Repayment Programs

The [NIH's Loan Repayment Programs](#) are a set of programs established by Congress and designed to recruit and retain highly qualified health professionals into biomedical or biobehavioral research careers. These awards counteract that financial pressure by repaying up to \$35,000 annually of a researcher's qualified educational debt in return for a commitment to engage in NIH mission-relevant research. **Application deadline: November 15, 2018.**
