Urological  
Association

*Advancing Urology™*

## AUA/AIUM UROLOGIC ULTRASOUND-RELATED CME

The following are a list of resources for ultrasound-related content.

Urologists who perform and/or interpret ultrasound and whose practices are accredited by the American Institute of Ultrasound in Medicine (AIUM) are required to obtain 10 hours of *AMA PRA Category 1 Credits™* in ultrasound every three years.

This list is meant to serve as a resource to assist urologists in identifying ultrasound-related courses. ***If a physician has previously claimed CME credit for any of these courses they are not eligible to claim subsequent credit for the same course.***

## AUA University

The AUA University offers the following accredited activities. To access these activities, please visit <https://auau.auanet.org/courses>. You may search by title or select Imaging/Radiology as the topic.
