

AUA Staff Liaison Jody Donaldson

Chair William Hulbert, MD

Terms of Office

Chair:	3-year term
Vice-Chair:	3-year term (ascends to position of Chair)
Members:	2-year term (renewable once)

Committee Makeup

The National Medical Student Curriculum Committee consists of approximately 10-12 members recommended by the Chair. Members include at least one individual from each of the Urologic subspecialties (including oncology, female urology and pediatrics), a Urology resident and a medical student. Members serve 2-year terms (renewable once). A Vice-Chair is selected from among the current members who have demonstrated experience on the committee. The Vice-Chair is appointed by the AUA President based upon the recommendation of the Education Council Chair and the NMSC Chair. The Vice-Chair serves a 3-year term and then ascends to the position of Chair.

Mission Statement

To advocate for urologic education in medical schools by promoting core principles and practices in urology. The Committee will identify important subjects and content and provide a variety of resources to enhance the Medical Student Curriculum, including educational outlines, multimedia materials, and mentoring tools. The Committee will also ensure that these materials are promoted as effectively as possible to medical schools.

Committee Meetings

The Committee meets once a year at the AUA Annual Meeting. Teleconferences are held as needed.

Time Commitment

Chair: 60 hours annually

Members: 40 hours annually

Qualifications/ Responsibilities

Chair: The Chair should have exceptional organizational, communication, and leadership skills. The Chair will attend, organize (with the AUA Staff Liaison) and direct committee meetings, either in person or via teleconference. The Chair should encourage new projects and assign tasks to members as needed.

Members: Members must demonstrate a willingness to serve on the committee and serve as experts for subspecialty educational material contained in the National Medical Student Curriculum. Members should be available to edit and augment assigned Curriculum sections annually, and to provide assistance on projects undertaken by the Committee. Committee Members actively contribute and review resources for the AUA National Medical Student Curriculum Website.
